# EBHB Electric Baseboard Heater Ordering Guide

The REZNOR® EBHB is a premium electric baseboard solution that combines durability, aesthetics, and installation flexibility for both commercial and residential projects.

## Benefits

- Quiet operation with stainless-steel heating element and floating mounting design
- Easy installation – floor mounting, rear wiring access, and integrated raceways
- Compact, attractive, modern design for tight spaces
- Reliable performance - heavy-duty steel construction and durable heating elements

## Applications

### Commercial

- Retail stores
- Office buildings
- Schools
- Medical facilities
- Warehouses and distribution centers

### Residential

- Living areas
- Apartments
- Condominiums
- Home additions and renovations
